PATENT**Remarks**

The Office Action mailed March 2, 2004 has been carefully reviewed and the foregoing is responsive thereto.

Claims 1-34 are pending and stand rejected in this application based upon a non-statutory double patenting rejection in view of U.S. Patent No. 6,647,340. A terminal disclaimer of U.S. Patent No. 6,647,340 is filed herewith. In light thereof, Applicant requests that the double patenting rejection be withdrawn.

In view of the foregoing amendments and remarks, all the claims now active in this application are believed to be in condition for allowance. Reconsideration and favorable action is respectfully solicited.

Respectfully submitted,
